Product description

Bosch PowerMore 250 Kit (BBP3620) – the smart system

The Bosch PowerMore 250 Kit adds approximately 250 Wh of battery capacity to a compatible e-bike, helping extend its range. About the size of a drinks bottle, the additional battery weighs approximately 1.5 kg. It attaches to the frame using a holder secured to the bottle cage mounting points.

The kit includes the battery, battery holder, battery cage and mounting screws.

A suitable PowerMore connection cable is required and sold separately. Before purchasing, check that your specific e-bike supports the PowerMore 250 and has suitable mounting space.

Battery specifications:
