Product description

Product Description and Specifications
SRAM G2 Ultimate Hydraulic Disc Brake Black

The SRAM G2 Ultimate is the perfect choice for mountain bike brakes. It is reliable and performs well in all conditions, from cross-country to freeride. It features excellent modulation and very high braking power. Numerous adjustments allow individual customization of the carbon lever position and brake characteristics. Its striking design fits modern bikes perfectly. SRAM shift levers can be mounted on the same clamp as the brake. The caliper offers stiffness, effective heat dissipation, and immediate piston response to lever movement.
