Product description

Abus AirBreaker - Road Bike Helmet

In a bicycle race, top performance counts on every stage, whether on a steep uphill climb or at top speed in a sprint. ABUS's AirBreaker supports you with its optimal aerodynamics over every kilometer. With the honeycomb structure of its innovative Multi Speed design, the AirBreaker always provides optimal ventilation as it dispenses it as needed - maximum ventilation on slow, mountainous sections and optimal aerodynamics on fast, flat sections.

Features

Optimal aerodynamics
Innovative honeycomb structure
In-Mold provides a durable connection to the outer shell with shock-absorbing helmet material
Excellent ventilation thanks to 11 air inlets and 3 air outlets connected by flow channels
Weight: approx. 200 grams
