Product description

The Hyban 2.0 combines a particularly durable hard shell with huge air intakes. Large main reflectors and several additional reflectors provide the cyclist with good visibility. Combined with an integrated bright LED rear light, the Hyban 2.0 is the ideal helmet for everyday use in the city.

Features

- Hard ABS shell
- Sturdy helmet made of EPS foam and injection molded outer shell
- High visibility thanks to reflectors
- Excellent ventilation thanks to 5 air inlets and 8 air outlets
- Insect net for full protection against insects
- Compatibility with pony perfect fit for those with long hair
- Full ring adjustable ring combined with an adjustment system that covers the entire head
- Zoom Ace Urban precisely adjustable adjustment system with handy knob for customized fit
- Large, high-mounted and integrated LED taillight with 180° visibility
