Opis produktu

Safety through visibility. Every year cyclists die from accidents or are injured only because they are overlooked by other road users. Especially in poor visibility conditions such as at night, at dusk, in heavy rain or fog, it is therefore extremely important to attract attention as a cyclist.

The Urban-I 3.0 is a perfectly equipped, urban bike helmet with a number of practical features. Its large reflectors offer high visibility for the cyclist – day or night. The large LED rear light with 180° visibility ensures additional safety in road traffic. Features - Urban-I 3.0 In-Mold for a durable connection with the outer shell with shock-absorbing helmet material (EPS) High visibility due to reflectors Excellent ventilation with 12 air inlets and 5 air outlets Foamed-in fly net Ponytail compatibility Full-ring Zoom Ace Urban Large, highly mounted and integrated LED tail light with 180° visibility Fidlock magnetic strap buckle Technologies Ponytail compatibility Perfect fit for people with long hair Full-ring Adjustable ring connected to adjustment system enclosing all of the head Zoom Ace Urban Finely adjustable adjustment system with handy adjustment wheel for customisable fit
