Product description

Abus Viantor - Road Bike Helmet

This helmet is a high-quality and lightweight starter helmet in which ABUS has incorporated many proven technologies from professional sports. The Zoom Ace adjustment system allows for millimeter precision adjustment, and thanks to its pony tail compatibility, it is also the first choice for women with long hair.

Features - Viantor

Multi shell In-Mold provides a durable combination of multi-part outer shell and shock-absorbing helmet material (EPS)

Pony tail compatibility: Helmet good for people with long hair

Good ventilation thanks to 4 air intakes and 14 outlets, connected by deep airflow channels

Semi-circular plastic ring connected to adjustment system

ActiCage: Structural reinforcement integrated into EPS to optimize stability

Zoom Ace: Precision adjustment system with handy dial for personalized fit

Weight: approx. 250g (size M 52-58)
