Product description

Description:
The sintered metal version is designed for maximum durability and reliable performance under extreme conditions. It delivers very strong braking power at high temperatures and high speeds.

The sintered compound ensures consistent and predictable braking performance, even under heavy continuous load such as long descents or aggressive riding. An ideal choice for demanding MTB and e bike applications.

Compound: Sintered metal
Durability: High wear resistance
Performance: Stable braking under high heat and continuous load

Compatibility:
Sram Avid Code from 2011
Sram Code Stealth
Sram Guide RSC
Sram Guide RE
Sram G2 RE
Sram DB8
