Product description

A2Z AZ-130 Magura Julie all-weather brake pad compound for the best stopping power in any situation - organic (asbestos-free) brake pad compound - highly efficient pad compound - increased stopping power in all weather conditions, increased temperature resistance - minimized brake fade - with wear indicator - high operating temperature (up to 500°C) - much more convenient than the original built-in inorganic brake pads.

Manufacturer: **A2Z**

manufacturer code **BP-130**

Pads from bulk box, no springs included.
