- **Crown disc material:** Aluminum/Aluminum
- **Crown protection:** No protection
- **Bolt circle diameter (BCD):** 110 BCD, 130 BCD
- **Crankmaterial:** Carbon
- **Color (Crank):** Carbon

**SRAM** 's iconic **RED** crankset returns in an all-new design, pairing perfectly with **SRAM**'s latest **RED eTap** components. This unique crankset design extends all the way to the spider, and the hidden bolt attachment significantly improves the efficient use of carbon strength. This translates into higher stiffness and lower weight for the crankset, making it an excellent choice for discerning riders.

The **SRAM RED** crankset provides outstanding smoothness of operation, reliability and full compatibility with advanced **Yaw** technology. This is a product that will meet the expectations of even the most demanding cyclists. It makes every ride even more efficient and comfortable. It is simply a crankset that meets the highest standards and performance levels.

If you are looking for something that will allow you to achieve the best results and appreciate innovative solutions, the SRAM RED crankset is an excellent choice. Experience how revolutionary cycling can be with this unique technology.

- For smooth, flawless performance and compatibility with **Yaw**™ technology, pair this crankset with **X-GlideR**™ chains.
- The lightweight aluminum alloy gears are durable, and the special X-Glide profiling allows for quiet and smooth operation, combined with YAW to offer lightning-fast gear changes and no derailleur trimming required
