Product description

CoilSchwalbe Racing Ralph Evo Super Ground inspires an optimal combination of speed and grip. The rear wheel version pairs perfectly with the Rocket Ron. The low tread depth in the middle ensures high speed and light weight.

Wide range of technical riding applications
Ideally suited for hardtails and bikes with medium suspension travel
Lightweight tire for XC, All Mountain and Trail
State-of-the-art MTB tire design
Numerous grip edges in the center of the tread provide excellent grip and superior acceleration
Good rolling characteristics and extremely quiet
