### Product description

Super Sticky Kush is the choice of gold medalists and world champions. It combines style with quality craftsmanship. Supacaz delivers the first handlebar wrap worth dreaming about.

- No slippage on contact with hands
- made of durable polyurethane
- laser-finished aluminum handlebar stoppers
- rubberized bands used to finish the wrap

Set includes:

- wrap roll x2
- aluminum handlebar stopper x 2

- rubberized wrap finishing tape x 2

Super Sticky PU (top layer): High comfort during long use, No slipping even in wet conditions. High resistance to UV rays, climatic conditions, and sweat. Supacaz geometric embossing for maximum control AND grip.

Kush Foam (middle layer): A thin layer of plastic blend that adapts to the shape of the handlebars. Highly vibration-absorbing layer drastically improves the bike's grip in turns, downhill and in harsh conditions.
