Product description

Description:
The Reverse Hub Base Disc is a lightweight and versatile hub designed for MTB, gravel and similar applications. It combines low weight with durability for reliable performance in various riding conditions.

Equipped with four multiple sealed industrial bearings, the hub offers effective protection against dust and dirt. The six pawl engagement system ensures secure and responsive power transfer. Various axle options make it compatible with different frame standards.

Specification:
Model: Reverse Hub Base Disc
Application: MTB, Gravel
Drillings: 32 hole
Pawl system: 6 pawls
Bearings: 4 multiple sealed industrial bearings
Weight: 360 g
