Product description

Form meets function. The **Force crank arms** are made from advanced carbon fiber, combining low weight with high stiffness for efficient and smooth power transfer. Available in lengths from **160 to 175 mm**, and offered in both standard and Wide Q-factor options, they allow every rider to achieve an optimal fit.

The **8-bolt interface** is compatible with all AXS spiders and integrated chainrings, with or without a power meter. The lightweight and durable **DUB spindle standard** fits nearly any modern frame.
