Product description

Description:
The SRAM RED E1 carbon crank arms are engineered for modern 12 speed road drivetrains. The updated construction reduces weight by 29 g compared to the previous generation while maintaining excellent stiffness and efficient power transfer.

The 8 bolt Direct Mount interface is compatible with AXS power and non power spiders as well as integrated chainrings. The DUB spindle system enhances durability and simplifies the overall drivetrain setup. Chainrings are not included, allowing complete customization.

Key features:
Weight reduction: 29 g lighter than previous generation
