The **SRAM X-SYNC 2 Eagle™** sprocket is the result of superior **Eagle™** technology, providing the ultimate in bicycle drive. It is an innovative solution that results in smooth, quiet, durable and efficient drivetrains that are second to none.

This sprocket was created through careful research by **SRAM's** experienced drivetrain engineers. They analyzed the performance and wear characteristics of thousands of **X-SYNC™** chainrings, resulting in a longer and more efficient tooth shape. This specially designed shape works perfectly with the new **Eagle™** chain, providing not only the confidence to hold the chain in place, but also increasing pedaling efficiency. Most importantly, the **SRAM X-SYNC 2 Eagle™** sprocket reduces friction, noise and wear. This means it's ideal for discerning cyclists who strive for superior performance and durability. This sprocket is a key component of your bike that will make your rides unforgettable, guaranteeing a superior experience on every ride.

- **Eagle™ Technology for the Highest Quality Bike Drive:** The SRAM X-SYNC 2 Eagle™ sprocket utilizes advanced Eagle™ technology for unparalleled bicycle drive quality.
- **Works with Eagle™ Chain:** The tooth shape of the sprocket works perfectly with the new Eagle™ chain for increased

pedaling efficiency.
