Product description

Magura is a renowned German brand specializing in the production of high-quality brakes and suspensions for bicycles and motorcycles. Since 1893, the company has set the standard for innovation and technical excellence, offering products with reliable performance. Their wide range of products includes brakes for mountain, road and trekking bikes, as well as suspensions, providing comfort and control when riding over rough terrain. Magura actively supports the sports community by sponsoring events and riders, helping to build their reputation as the undisputed leader in the brake and suspension industry.

MAGURA MT5e HIGO-Closer

Incredibly powerful and precise hydraulic brakes are the right term for the Magura MT5e HIGO closer. With them, you will ensure your safety while traveling. Some of the best brake sets in the world. Hydraulic brakes are characterized by high sensitivity to handle pressure and extremely precise braking. Compared to ordinary cable disc brakes, hydraulic brakes are much less demanding in terms of pressure and proper adjustment.
